Size criteria and categorization of the undertaking

Average number of staff employ	ed during the financial year:	

Articles 35 and 47 of the amended law of December 19th 2002 specify the size criteria (a description of the size criteria can be found on the page « Forms » under the « Description » section) that are used to categorize the undertakings into "Small-sized undertaking", "Medium-sized undertaking" and "Large-sized undertaking" and thus requiring or allowing the use of abridged or non-abridged versions of the balance sheet and/or the profit and loss account. Large-sized undertakings are those which, on their balance sheet dates, exceed the limits of at least two of the following three criteria provided for under article 47 during two consecutive financial years and that <u>must</u> file their balance sheet and their profit and loss account using the non-abridged versions. Small-sized undertakings are those which do not exceed the limits of at least two out of the three criteria provided for under article 35 during two consecutive financial years, and that <u>may</u> file their balance sheet and their profit and loss account using the abridged versions. Medium-sized undertakings are those exceeding the limits of at least two out of the three criteria provided for under article 47 during two consecutive financial years, and that <u>must</u> file their balance sheet using the non-abridged version but <u>may</u> file their profit and loss account using the abridged version:

MANAGEMENT REPORT

MANAGEMENT REPORT

The Board of Managers present their report together with the audited financial statements for the year ended 31 December 2021 of Repsol Europe Finance S.à r.l. (the 'Company').

General information

The Company is part of the Repsol Group, a group of companies with a presence worldwide that, with a vision of being a multi-energy efficient, sustainable and competitive company, performs activities in the hydrocarbon sector throughout its entire value chain (exploration, development and production of crude oil and natural gas, refining, production, transportation and sale of a wide range of oil and petrochemical products, oil derivatives and natural gas), as well as activities for the generation and sale of electricity. The Company is a wholly owned subsidiary of Repsol, S.A., Madrid, Spain (the 'Parent Company').

The Company does not have any quoted participations directly or indirectly owned, nor branches. Being a 100% owned subsidiary of Repsol S.A there are no shareholders with special right of control, nor restrictions on voting rights.

The Company did not have any capitalized research and development activity during the financial year ended on 31 December 2021.

As of 2021 the Company, together with Repsol International Finance B.V. engaged in a Guaranteed Euro Medium Term Note Programme (hereinafter 'EMTN Programme') and a Euro-Commercial Paper Programme (hereinafter 'ECP Programme') both guaranteed by Repsol, S.A. to meet the Repsol Group financing needs. The maximum amount on the EMTN Programme is capped at EUR 10,000,000,000 while the ECP Programme at EUR 3,000,000,000.

Funds denominated in EUR are raised on the international capital markets and are lent to subsidiaries and affiliated companies.

In 2021, the Company issued under the EMTN Programme and with the approval of the Luxembourg Commission de Surveillance du Secteur Financier ("CSSF"), the below listed Sustainability-Linked Bonds:

- On 6 July 2021 a EUR 650 million bond at 99.077% of the aggregate nominal amount with a fixed rate of
 0,375% and a term of 8 years linked to a 12% reduction target for the Carbon Intensity Indicator (CII*)
 by 2025. If Repsol Group were to fail to meet these targets, the Bond coupon would increase by 0.25%
 (to be paid in 2027, 2028 and 2029).
- On 6 July 2021 a EUR 600 million bond at 99.108% of the aggregate nominal amount with a fixed rate of
 0,875% and a term of 12 years linked to a 25% reduction target for the CII by 2030. If Repsol Group were
 to fail to meet these targets, the Bond coupon would increase by 0.375% (to be paid in 2032 and 2033).

*CII is an indicator that measures carbon dioxide equivalent (g CO2e) emissions per unit of energy that the Group makes available to society, measured in grams of carbon dioxide equivalent per megajoule (g CO2e/MJ), calculated as per the Base Prospectus as supplemented available at www.repsol.com.

Furthermore, during December 2021 funds were raised via the ECP Programme as well, repaid within the same month.

Statement of compliance

The financial statements for the year ended 31 December 2021 have been prepared in accordance with Luxembourg Accounting Law of 19 December 2002, as amended.

Financial information

The Company made a profit of USD 163,185,776 (2020: USD 350,343,213). This profit is primarily the result of positive results from financial activities.

The issued and paid-in share capital of the Company amounts to USD 4,639,123,120 (2020: USD 4,639,123,121).

Total assets of the Company amount to USD 13,072,214,597 (2020: USD 7,073,900,605).

Risk management

Considering the nature of the activities of the Company the most important category of risks to be considered are financial risks. The Company identifies, evaluates and mitigates financial risks in close cooperation with its Parent Company's Financial Risk Department. This department, with the aim to promote best practices, monitors and manages the financial risks relating to the operations of the Company through internal risk reports that analyse exposures by degree and magnitude of risks.

The Company has procedures and policies in place to control risks related to financial instruments. These policies and procedures include a clear segregation of duties between operating, settlement, accounting and controlling of all financial instruments used. The management of the Company is involved in the risk management process. Management qualifies itself as risk averse.

The main financial risks are market risk, credit risk and liquidity risk.

Market risk

The Company's activities expose it primarily to the market risks of changes in currency exchange rates, interest rates and credit ratings. Market risk (the risk of changes in market prices, such as foreign exchange rates and interest rates) will affect the Company's income or the value of its holdings of financial instruments.

Exchange rate fluctuation risk

Fluctuations in exchange rates may adversely affect the result of transactions and the value of the Company's equity. In general, this exposure to fluctuations in currency exchange rates stems from the fact that the Company has assets, liabilities and cash flows denominated in a currency other than the functional currency of the Company.

In order to mitigate the risk, and when considered appropriate, the Company performs investing and financing transactions, using the currency for which risk exposures have been identified. The Company can also carry out

transactions by means of financial derivative instruments for currencies that have a liquid market, with reasonable transaction costs.

The Company effectively monitors and limits its net financial position in financial instruments by currency. The Company effectively monitors and limits the exposure to the statement of comprehensive income to a minimum. The main uncertainty in achieving this objective is the timing of cash flows.

Interest rate risk

The market value of the Company's net financing and net interest expenses could be affected as a consequence of interest rate fluctuations that affect the interest income and interest costs of financial assets and liabilities tied to floating interest rates, as well as the fair value of financial assets and financial liabilities tied to a fixed interest rate.

When considered appropriate, the Company may decide to mitigate the interest rate risk by means of derivative financial instruments for which there is a liquid market, these hedging mechanisms are limited and, therefore, could be insufficient. Consequently, changes in interest rates could have an adverse effect on the Company's business, results and financial position.

The Company effectively monitors and limits its net financial position in financial instruments tied to fixed interest rates. Furthermore, the Company effectively monitors and limits the interest rate spreads applied in order to ensure positive financial margin irrespective of the fluctuations in interest rates.

In relation to the process of transition to new benchmark interest rates currently underway in different jurisdictions worldwide (IBOR reform), the Company has initiated a revision of its contracts according to the calendar of implementation of the IBOR reform, with the objective to identify those with interest rate clauses that may be impacted, as well as on the substitute interest rate clauses ("fall back" clauses) included in them.

Credit rating risk

Credit ratings affect the pricing and other conditions under which the Company is able to obtain financing. Any downgrade in the credit rating could restrict or limit the Company's access to the financial markets, increase its new borrowing costs and have a negative effect on its liquidity.

Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Company's loans receivable from related parties. The Company attempts to minimize the counterparty credit risk associated with the financial instruments used by selecting counterparties that it assumes to be creditworthy, given their high credit ratings.

The carrying amount of financial assets represents the maximum credit exposure. The credit risk of each loan and receivable is influenced by the individual characteristics of each counterparty. The Company considers the probability of default upon initial recognition of an asset and whether there has been a significant increase in the credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the

risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. However, the Company is not exposed to a significant credit risk due to the credit rating and liquidity of the debtors. No loan was overdue as at 31 December 2021 and 31 December 2020. The derivative financial instruments are entered into with high credit quality bank and financial institution counterparties that meet the standards of solvency in accordance with the market conventions regulating these kinds of financial transactions. The Company holds amount of cash and banks with high credit quality bank and financial institution counterparties.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company controls and monitors its financial needs ranging from the production of daily cash flow forecasts to the financial planning involved in the annual budgets and Repsol Group's strategic plan; it maintains diversified and stable sources of financing that facilitate efficient access to financial markets, all within the framework of a financing structure that is compatible with Repsol Group's credit rating in the investment grade category. As a result, the Company relies on its shareholder to cover any incidental liquidity needs through issuance of additional loans.

Other risks

The exposure to other than financial risks is mainly due to the fact that the Company is part of the Repsol Group. Repsol Group's operations and results are subject to risks as a result of changes in the competitive, economic, political, legal, regulatory, social, industrial, business and financial conditions. The Group's main risks are identified below taking into account a 5 year time horizon:

- Fluctuations in the reference prices of hydrocarbons, derivative products and other commodities
- Competitive depositioning
- Drop in demand
- Administrative, judicial and arbitration proceedings
- Regulatory risks
- Arbitrary actions and loss of assets due to government decisions
- Accident rate
- Deviations in organizational management and employees management
- Errors and failures in production and/or transport processes
- Attacks against people or assets

Some of these risks are sensitive to the phenomenon of climate change and to the scenarios of transition to a low carbon economy, particularly those associated with regulation, future trends in demand, fluctuations in hydrocarbon and other commodity prices and the potential upswing in competition. Given the emerging nature of the climate change risks in the current energy context, and consistently with the commitments made, the Repsol Group is extending the scope of the analysis of these risks according to a long-term time horizon.

Other operational Risks related to COVID-19

The pandemic of COVID-19 gave rise to an unprecedented health, social and economic crisis in 2020. The spread of vaccines and the positive impact of public policies allowed a progressive recovery of economic activity that has been consolidating during 2021. The strength of the recovery varies between countries, depending on the progress of vaccination, the effectiveness of support policies and the structural features with which they entered the COVID-19 crisis, and may be affected by the emergence of new strains of the virus.

The continuity of the activities from an operational point of view is guaranteed because they do not require high investment in capital or other resources. The processes and operations of the Company may be carried out with a limited number of employees and basic software and hardware elements.

The Company, along with the recommendations from Repsol Group and the Luxembourgish government, implemented the possibility of working from home to the total number of its employees. The Company has experience and all means to offer this possibility to its employees. The teleworking program was put in place for the benefit of a certain number of employees, including back up personnel and necessary tools and systems.

The outstanding public debt issued by the Company is guaranteed by Repsol, S.A., whose liquidity is robust enough to face upcoming maturities. Repsol Group has financial flexibility, a resilient portfolio and the liquidity necessary to cope with any reasonably possible scenario and is strongly committed to maintain its solid investment grade credit rating.

For further information on Repsol Group's risks and risk management, please refer to the Repsol Group Management Report for the financial year 2021, available on the website www.repsol.com.

Corporate Governance

The Company applies the same corporate governance principles as applied within Repsol Group. Repsol Group's system of corporate governance, which was established in accordance with best national and international practice and standards, guides the structure, organization, and operation of its corporate bodies in the interests of the Company and of its shareholder, and is based on the principles of transparency, independence, and responsibility. Repsol Group's best practice also applies to the financial reporting process. The internal regulations of the Repsol Group regarding corporate governance are available on the website www.repsol.com.

The Company is managed by one or more managers (together the "Board") appointed by a resolution of the shareholders, which sets the term of their office. The managers may be removed at any time (with or without cause) by a resolution of the shareholders. If several managers are appointed, they shall constitute the Board. All powers not expressly reserved to the shareholders by the Law or the Articles fall within the competence of the Board, which has full power to carry out and approve all acts and operations consistent with the Company's corporate object. The power to issue and buy back shares by the Board is not applicable.

The board took into consideration the enactment of the EC Directive 2006/43/EU and its implementation by a Royal Decree of July 2008 (the "Decree") and the obligations from the fact that the Company, because of its listed securities, is a public interest organization. The board also took Regulation (EU) No 537/2014 into consideration.

The Company benefits from the exemption of having a Luxembourg-based audit committee as allowed under Article 52, section (5) a) of the law of 23 July 2016 on the audit profession. It was decided to delegate the public governance compliance obligations as regards the Company in respect to article 2, section 3, sub a to d of the Decree to the Audit Committee of the Parent Company.

For further information on Repsol Group's Corporate Governance, please refer to the Repsol Annual Corporate Governance Report for the financial year 2021, available on the website www.repsol.com.

Corporate responsibility

The Board of Directors of the Parent Company has analyzed the role of Repsol Group in the fight against climate change and took a new step in its commitment to leading the energy transition in line with the objectives of the Paris Agreement and the Sustainable Development Goals of the United Nations. Accordingly, Repsol Group will direct its strategy towards achieving net zero emissions by 2050. Repsol Group was the first in its industry to set this ambitious goal, which aims to limit global warming to less than 2 °C compared with pre-industrial levels. These objectives are the basis for the 2021-2025 Strategic Plan.

Repsol Group in general, is strengthening its business strategy with the search for better energy solutions that contribute to sustainable development. This is possible thanks to a forward-looking vision that is based on the corporate responsibility as one of its key attributes.

Throughout 2021, the Company, through its Parent Company, has continued to expand the implementation of its corporate responsibility coordination system, through Sustainability Committees, the development of studies for identifying expectations and the publication of sustainability plans.

Number of employees

During 2021, the average number of employees was 4.5 (2020: 2.5).

Board of directors

The directors of the Company during the year were as follows:

- M. Vareika, V. Gillet
- H. Gonzalez Nistal
- J.M. Díaz Fernández
- S. Mera Uriarte
- J. Salmeron Molina

The changes to the composition of the Board of Directors during 2021 were as follows:

- Appointment of S. Mera Uriarte on 19 March
- · Resignation of M. Vareika and H. Gonzalez Nistal on 19 March
- Appointment of J. Salmerón Molina on 13 July after the resignation of J.M. Díaz Fernández.

Subsequent events

On the 24th of February 2022, Russia invaded Ukraine. The conflict, apart from severe personal and material damage in the affected countries, has a relevant impact in the international political relationships and in the worldwide economy. Among the immediate and most relevant impacts in the sector and markets in which the entity operates, it is remarkable the notable increase of the petroleum, gas and electricity prices, as well as the volatility in financial and commodity markets. At this moment, any scenario of the evolution of the conflict and its consequences is highly uncertain. The Company is committed in complying with the directives arising from the sanctions and controls imposed to Russia and is following dosely the events in order to anticipate possible impacts in its economic situation and in the performance of its business.

Future outlook

It is envisaged that the Company will continue to provide loan capital to related parties. The future level of profits will be dependent on developments of the investments and financing activities. In the forecast environment, the Company will maintain its financial strength to perform the required demand while maintaining its returns.

AUDIT REPORT

Audit report

To the Partners of Repsol Europe Finance S.A.R.L

Report on the audit of the annual accounts

Our opinion

In our opinion, the accompanying annual accounts give a true and fair view of the financial position of Repsol Europe Finance S.A.R.L (the "Company") as at 31 December 2021, and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts.

What we have audited

The Company's annual accounts comprise:

- the balance sheet as at 31 December 2021;
- · the profit and loss account for the year then ended; and
- the notes to the annual accounts, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the EU Regulation No 537/2014, the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the EU Regulation No 537/2014, the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the annual accounts" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the annual accounts. We have fulfilled our other ethical responsibilities under those ethical requirements.

To the best of our knowledge and belief, we declare that we have not provided non-audit services that are prohibited under Article 5(1) of the EU Regulation No 537/2014.

The non-audit services that we have provided to the Company and its controlled undertakings, if applicable, for the year then ended, are disclosed in Note 15 to the annual accounts.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the annual accounts of the current period. These matters were addressed in the context of our audit of the annual accounts as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter

How our audit addressed the key audit matter

Recoverability of loans to affiliated undertakings

Financial assets are recorded at the lowest amount between their repayment value and their recoverable value (see Note 2.3).

The loans to and receivables from affiliated undertakings (included in the captions "Loans to affiliated undertakings" and "Amounts owed by affiliated undertakings becoming due and payable within one year") amount to USD 13,061,283,326 (including accrued interests). We focused our audit on recoverability because these items are the most significant ones on the balance sheet and a recoverability issue could have a significant impact on the earnings of the Company and its ability to continue as a going concern.

We have performed audit procedures which included the following:

- Ensured compliance of the valuation policy with the valuation methods and rules permitted under applicable Luxembourg legal and regulatory requirements;
- Assessed the financial position and performance of the loans' counterpart by obtaining relevant information (including accounts and financial information of the counterparties). We also analyzed Management's assessment relating to the recoverability of the loans, and its conclusion thereon; finally, we engaged in discussion with the Group auditor in respect of the creditworthiness of the loans' counterparts.

Other information

The Board of Managers is responsible for the other information. The other information comprises the information stated in the annual report including the management report, "2021 Appropriation of the results" and the Corporate Governance Statement but does not include the annual accounts and our audit report thereon.

Our opinion on the annual accounts does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the annual accounts, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the annual accounts or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Managers for the annual accounts

The Board of Managers is responsible for the preparation and fair presentation of the annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts, and for such internal control as the Board of Managers determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the Board of Managers is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Managers either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the annual accounts

The objectives of our audit are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the EU Regulation No 537/2014, the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

As part of an audit in accordance with the EU Regulation No 537/2014, the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the annual accounts, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence
 that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Managers;
- conclude on the appropriateness of the Board of Managers' use of the going concern basis of
 accounting and, based on the audit evidence obtained, whether a material uncertainty exists related
 to events or conditions that may cast significant doubt on the Company's ability to continue as a
 going concern. If we conclude that a material uncertainty exists, we are required to draw attention in
 our audit report to the related disclosures in the annual accounts or, if such disclosures are
 inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to
 the date of our audit report. However, future events or conditions may cause the Company to cease
 to continue as a going concern;

evaluate the overall presentation, structure and content of the annual accounts, including the
disclosures, and whether the annual accounts represent the underlying transactions and events in a
manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate to them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the annual accounts of the current period and are therefore the key audit matters. We describe these matters in our audit report unless law or regulation precludes public disclosure about the matter.

Report on other legal and regulatory requirements

The management report is consistent with the annual accounts and has been prepared in accordance with applicable legal requirements.

The Corporate Governance Statement is included in the management report. The information required by Article 68ter Paragraph (1) Letters c) and d) of the Law of 19 December 2002 on the commercial and companies register and on the accounting records and annual accounts of undertakings, as amended, is consistent with the annual accounts and has been prepared in accordance with applicable legal requirements.

We have been appointed as "Réviseur d'Entreprises Agréé" by the Management on 21 February 2022 and the duration of our uninterrupted engagement, including previous renewals and reappointments, is 3 years.

NOTES TO THE ANNUAL ACCOUNTS

General

Repsol Europe Finance S.à r.l. (previously TE Holding S.à r.l.) (the Company) is a limited liability company (société à responsabilité limitée) incorporated under the laws of Luxembourg on 4 December 2009 for an unlimited period. On 29 March 2021 during the extraordinary general meeting of the shareholders the change of the name from TE Holding S.à r.l. to Repsol Europe Finance S.à r.l. was decided.

The registered office of the Company is established at 14-16, Avenue Pasteur L-2310 Luxembourg.

The Company's financial year starts on 1 January and ends on 31 December of each year.

The purpose of the Company is the acquisition of participations, in Luxembourg or abroad, in any companies or enterprises in any form whatsoever and the management of such participations. The Company may in particular acquire by subscription, purchase and exchange or in any other manner, any stock shares and other participation securities, bonds, debentures, certificates of deposit and other debt instruments and more generally, any securities and financial instruments issued by any public or private entity. It may participate in the creation, development, management and control of any company or enterprise. Further, it may invest in the acquisition and management of a portfolio of patents or other intellectual property rights of any nature or origin.

In accordance with its bylaws the Company may borrow in any form. It may issue notes, bonds, promissory notes, hybrid instruments and any kind of private or public debt or non-equity securities in any manner permitted by Law, simple or exchangeable for securities issued or to be issued by the Company. It may issue equity securities by way of private placement only. It may lend funds, including, without limitation, the proceeds of any borrowing, to its subsidiaries, affiliated companies and any other companies.

The Company may use any techniques and instruments to efficiently manage its investments and to protect itself and the companies belonging to the same group as the Company (the "Group") against credit risks, currency exchange exposure, interest rate risk and other risks.

The financial statements of the Company and its subsidiaries are included in the consolidated financial statements of the ultimate parent company Repsol S.A. The consolidated financial statements of Repsol S.A., which forms the largest and smallest body of undertaking in which the Company is consolidated may be obtained from www.repsol.com.

2. Summary of significant accounting policies

The annual accounts have been prepared in accordance with Luxembourg legal and regulatory requirements relating to the preparation of annual accounts under the historical cost convention.

Accounting policies and valuation rules are, besides the ones laid down by the law of 19 December 2002, as amended, determined and applied by the members of the board.

The preparation of annual accounts requires the use of certain critical accounting estimates. It also requires the members of the board to exercise their judgement in the process of applying the accounting policies. Changes in assumptions may have a significant impact on the annual accounts in the period in which the assumptions changed. Management believes that the underlying assumptions are appropriate and that the annual accounts therefore fairly represent the financial position of the company.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities in the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

In the context of the "Covid-19" pandemic, since the first half of 2020, Management has paid particular attention to the possible impacts linked to the health crisis on certain significant elements of its balance sheet and its income statement, and more particularly to aspects of valuation and recoverability of investments and receivables. Indeed, as mentioned above, forward-looking and / or estimated elements may enter into the calculation of certain items in the financial statements and be impacted by the pandemic and its related events, in particular greater volatility of the financial markets, as well as potential difficulties of loan's counterparts. Based on its monitoring, controls, analysis, and internal policies put in place, Management has not identified any major impacts on the annual accounts requiring additional mention.

2.1. Intangible Assets

Intangible assets are carried at production costs, less accumulated amortisation. Amortisation is recognised on a straight-line basis over the estimated remaining useful life of the assets. The amortization rates and methods applied are as follows:

	Amortization Rate	Amortization Method
Computer applications	17%	Straight line over 6 years

Where the Company considers that an intangible asset has suffered a durable depreciation in value, an additional write-down is recorded to reflect this loss. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

2.2. Tangible Assets

Tangible assets are valued at purchase price including the expenses incidental thereto. Tangible assets are depreciated over their estimated useful economic lives. The depreciation rates and methods applied are as follows:

	Depreciation Rate	Depreciation Method
Furniture and fixtures	10%	Straight line over 10 years
Other equipment	20%	Straight line over 5 years
Computer equipment	33%	Straight line over 3 years

Where the Company considers that a tangible asset has suffered a durable depreciation in value, an additional write-down is recorded to reflect this loss. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

2.3. Financial Assets

Shares in affiliated undertaking and loans to these undertakings held as fixed assets are valued at nominal value including the expenses incidental thereto.

In the case of durable depreciation in value according to the option of the members of the board, value adjustments are made in respect of Financial fixed assets, so that they are valued at the lower figure to be attributed to them at the balance sheet date. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

2.4. Debtors

Debtors are valued at their nominal value. They are subject to value adjustments where their recovery is compromised. These value adjustments are not continued if the reasons for which the value adjustments were made ceased to apply.

2.5. Foreign Currency Translation

The Company maintains its accounting records in US Dollars ("USD") and its annual accounts are expressed in this currency. Transactions expressed in currencies other than USD are translated into USD at the exchange rate effective at the time of the transaction.

Monetary assets and liabilities in foreign currencies are revalued at the exchange rate prevailing at the Balance Sheet date. Exchange losses are recognized immediately in profit and loss account while gains are only recognized in the profit and loss account if realized.

Non-monetary assets and liabilities in foreign currencies are kept at historical exchange rates.

Where there is an economic link between an asset and a liability, these are valued in total according to the method described above and the unrealised losses are recorded in the profit and loss accounts and the net exchange gains are not recognised.

Accordingly, exchange losses and gains on non-monetary assets and liabilities are recognized in the profit and loss account only when realized.

2.6. Prepayments

Prepaid expenses (prepayments) are recorded as assets at their nominal value once a payment has been made in advance of receiving the services / goods. When services / goods have been received, the prepayment is charged against the profit and loss account.

The discounts related to non-convertible loans (i.e., the difference between the issue price and the repayment value) are booked in the caption "Prepayments". These discounts are taken to financial expenses on the duration of the non-convertible loans.

2.7. Provisions

Provisions are intended to cover losses or debts, the nature of which is clearly defined and which, at the date of the balance sheet, are either likely to be incurred or certain to be incurred but uncertain as to their amount on the date on which they will arise.

Provisions may also be created to cover charges which originate in the financial year under review or in a previous financial year, the nature of which is clearly defined and which at the date of the balance sheet are either likely to be incurred or certain to be incurred but uncertain as to their amount or the date on which they will arise.

Current income tax provision: provisions for taxation corresponding to the tax liability estimated by the Company for the financial years, for which the tax returns have not been assessed by the tax authorities yet, are recorded under the caption "Creditors / Tax and social security debts". For the financial years, for which the tax return has not yet been filed, provisions are recorded under the caption "Creditors / Amounts owed by affiliated undertakings" due to the Company being part of a horizontal fiscal unity, in accordance with Article 164 bis of the Luxembourg Income Tax Law.

2.8. Creditors

Creditors are recorded at their reimbursement value. Where the amount repayable on account is greater than the amount received, the difference is shown as an asset and is written off over the period of the debt based on a linear method.

2.9. Non-convertible loans

Non-convertible loans are recorded on the liabilities side of the balance sheet at the repayment value.

2.10. Comparative information

17. Post-balance sheet events

On 24th of February 2022, Russia invaded Ukraine. The conflict, apart from severe personal and material damage in the affected countries, has a relevant impact in the international political relationships and in the worldwide economy. Among the immediate and most relevant impacts in the sector and markets in which the Company operates, it is remarkable the notable increase of the petroleum, gas and electricity prices, as well as the volatility in financial and commodity markets. At this moment, any scenario of the evolution of the conflict and its consequences is highly uncertain. The Company is committed in complying with the directives arising from the sanctions and controls imposed to Russia and is following closely the events in order to anticipate possible impacts in its economic situation and in the performance of its business.
